[Antibody Explorer | Buy Primary Antibodies & Secondary ...](#)

Primary and Secondary Antibodies Providing highly cited primary and secondary antibodies, we have you covered for your ELISA, western blot, immunohistochemistry or other assay needs.

[Antibodies | definition of Antibodies by Medical dictionary](#)

Antibodies Specialized cells of the immune system which can recognize organisms that invade the body (such as bacteria, viruses, and fungi). The antibodies are then able to set off a complex chain of events designed to kill these foreign invaders. Mentioned in: Bites and Stings, Botulinum Toxin Injections, Cat-Scratch Disease, Celiac Disease

[Antibody Structure - The Biology Project](#)

Antibodies are immune system-related proteins called immunoglobulins. Each antibody consists of four polypeptides two heavy chains and two light chains joined to form a "Y" shaped molecule.

[Antibodies & Controls | Agilent](#)

Primary Antibodies are intended for use on tissue sections. Polyclonal antibodies are provided as whole serum, Ig fractions, F(ab')₂ fragments or affinity isolated.

Monoclonal antibodies are generally provided as tissue culture supernatants or purified from culture supernatants. FLEX RTU GA-series is designed for the Dako

[How Do Antibodies Work? | Livestrong.com](#)

Some antibodies perform double duty by binding and marking intruders and by activating complement. Complement is a chain of proteins that assist in destroying infected cells, viruses and bacteria.

[Antibodies - Bioinf](#)

The Kabat Numbering Scheme. The Kabat numbering scheme is a widely adopted standard for numbering the residues in an antibody in a consistent manner.

[Anti-centromere antibodies - Wikipedia](#)

Anti-centromere antibodies (ACAs; often styled solid, anticentromere) are autoantibodies specific to centromere and kinetochore function. They occur in some autoimmune diseases, frequently in limited systemic sclerosis (formerly called CREST syndrome), and occasionally in the diffuse form of sclerosis.

[R & D Antibodies](#)

Welcome to Research & Diagnostic Antibodies' web site. Here you will find unique products : RIA kits, IFA kits, and hundreds of monoclonal antibodies and polyclonal antisera for ELISA, immunocytochemistry, western

blotting, immunoprecipitation, and RIA.

Anti-Scl-70 antibodies - Wikipedia

Anti-Scl-70 (also called anti-topoisomerase I after the type I topoisomerase target) is an anti-topoisomerase antibody-type of anti-nuclear autoantibodies, seen mainly in diffuse systemic sclerosis (with a sensitivity of 28-70%), but is also seen in 10-18% of cases of the more limited form of systemic sclerosis called CREST syndrome.

The Benchmark In Antibodies | Proteintech Group

Proteintech matches its customers dedication to research by providing high-quality antibodies, ELISA kits and proteins that contribute to reproducible results. Learn more here.

SeyTek Laboratories - 1000+ Special Stains, Antibodies

...

SeyTek Laboratories, Inc. an Utah, USA corporation involved in the manufacture of various diagnostic reagents, Special Stains, Antibodies, Hematology, Microbiology, Hematoxlyn etc.

Producing Monoclonal Antibodies - Sumanas, Inc.

Producing Monoclonal Antibodies. SOURCE: Perry, et al., Microbial Life, First Edition, published by Sinauer Associates. Microbial Life is available from Oxford University Press.

CCAB - Centre for the Commercialization of Antibodies and ...

The Centre for the Commercialization of Antibodies and Biologics supports innovators and emerging life sciences companies, providing product and business development expertise to advance therapeutic candidates and technologies that will form the basis for company growth and sustainability.

NeoClone - Monoclonal Antibodies

NeoClone is a premier custom monoclonal antibody company focused on developing high quality antibodies for sale as reagents and establishing partnerships and collaborations to develop diagnostic mAbs.

Agrisera antibodies for research

Secondary antibodies Agrisera offers a large collection of validated, high quality secondary antibodies, conjugated and unconjugated, for chemiluminescent, chromogenic and fluorescent detection.

Antibodies and Assays from Rockland

Immunochemicals

Specializing in antibodies and antibody based tools for basic research, assay development and more for over 50 years. Get published with Rockland today!

Exbio Antibodies
