The principle of autonomy One principle that administers the Parliament's decision before criminalizing something is the principle of autonomy. Many commented that the right of autonomy or in other words the right of living one's life as one pleases is important [3]

Autonomy in the Law | Mortimer Sellers | Springer

Autonomy in the Law considers one of the most important benefits of the rule of law. Juxtaposing European and American conceptions of autonomy in the law of families, capital punishment and, criminal trials reveals the common values that justify all legal systems.

The Autonomy of Law

The Autonomy of Law Owen M. Fiss Law is an autonomous sphere of human activity that serves no master other than justice. We value law for that very reason and celebrate it by proclaiming that all must bow to the rule of law. In recent years, Latin America, along with the rest of the developing world, has shown a renewed interest in law. To some extent this rule of law revival, as one author

AUTONOMY, LIBERTY, AND MEDICAL DECISION-MAKING

A central tenet to much ethical argument within medical law is patient autonomy. 1 Although we have seen a welcome move away from a system governed by largely unchecked paternalism, there is not universal agreement on the direction in which medical law should advance. 2 Competing concerns for

Autonomy, Consent and the Law - Sheila A.M. McLean ...

Autonomy is often said to be the dominant ethical principle in modern bioethics, and it is also important in law. Respect for autonomy is said to underpin the law of consent, which is theoretically designed to protect the right of patients to make decisions based on their own values and for their own reasons.
