0A.3.1 How software is different from skyscrapers
0A.3.2 Software architects, engineers, and programmers
So, if I study how to write good cook-book recipes, I am studying "computing science," because a recipe gives instructions to a cook for "computing" someone's dinner.

[Commands discord.py 1.2.0a documentation](#)

When this command is executed, it attempts to convert the string given into a Member and then passes it as a parameter for the function. This works by checking if the string is a mention, an ID, a nickname, a username + discriminator, or just a regular username.
