Cities in a World Economy 4th edition - Chegg.com

Details about Cities in a World Economy: The Fourth Edition of Cities in a World Economy shows how certain characteristics of flows of money, information, and people have led to the emergence of a new social formation: global cities, new types of migrations, financial crises, environmental catastrophes, and the multiplication of communication technologies.

Cities in a World Economy | SAGE Publications Inc

Cities in a World Economy examines the emergence of global cities as a new social formation. As sites of rapid and widespread developments in the areas of finance, information and people, global cities lie at the core of the major processes of globalization.

Cities in a World Economy - Saskia Sassen - Google Books

The Fourth Edition of Cities in a World Economy shows how certain characteristics of flows of money, information, and people have led to the emergence of a

new social formation; global cities, new types of migrations, financial crises, environmental catastrophes, and the multiplication of communication technologies. These developments give new meaning to such fixtures of urban sociology as the centrality of place and the importance of geography in our social world.
