The important aspects of globalization and international economic relations are - Globalization ensures easier movement of goods and services across nations. This is an absolute necessity for fostering international economic relations.

The Impact of Globalization on Economic Growth

The 2008 economic crisis led many politicians to question the merits of globalization. Since then, global capital flows fell from \$11 trillion in 2007 to a third of that figure in 2012. While some of that may be cyclical in nature, many countries implemented tariffs and other forms of
