This lay input into judicial appointments is explored in light of the principle of judicial independence. The contributors also critically discuss the extent to which judicial action is legitimised by any democratic pedigree of the judges or their decisions. The book thus offers a range of perspectives, all shaped by distinctive constitutional and legal cultures, on the thorny relationship between the principle of judicial independence and the idea of democratic accountability of the

The involvement of lay people is often most visible in judicial appointments at senior court level, with political representatives sometimes appointing judges. They consider the lay involvement in the judicial system more widely, from the role of juries to the role of specialist lay judges and lay assessors in lower courts and tribunals. This lay input into judicial appointments is explored in
