[Last Child in the Woods - Overview - Richard Louv](#)
Last Child in the Woods is the first book to bring together a new and growing body of research indicating that direct exposure to nature is essential for healthy childhood development and for the physical and emotional health of children and adults.

[Last Child in the Woods: Saving Our Children From Nature ...](#)

Last Child in the Woods is the direct descendant and rightful legatee of Rachel Carson's *The Sense of Wonder*. But this is not the only thing Richard Louv has in common with Rachel Carson. There is also this: in my opinion, *Last Child in the Woods* is the most important book published since *Silent Spring*.

Last Child in the Woods - Children and Nature Movement ...

The children and nature movement is fueled by this fundamental idea: the child in nature is an endangered species, and the health of children and the health of the Earth are inseparable. Howard Frumkin, director of the National Center for Environmental Health at Centers for Disease Control, recently described the clear benefits of nature experiences to healthy child development, and to adult

Richard Louv - Wikipedia

Richard Louv (born 1949) is an American nonfiction author and journalist. He is best known for his seventh book, Last Child in the Woods: Saving Our Children From Nature-Deficit Disorder (first published in 2005 by Algonquin Books of Chapel Hill), which investigates the relationship of children and the natural world in current and historical

Home - Richard Louv

In his groundbreaking international bestseller *Last Child in the Woods*, Richard Louv spotlights the alienation of children from the natural world, coining the term nature-deficit disorder and outlining the benefits of a strong nature connection from boosting mental acuity and creativity to reducing obesity and depression, from promoting health and wellness to simply having fun.
