[Science and Morality Science-Based Medicine](#)

A persuasive new book by Sam Harris, *The Moral Landscape*, has convinced me that science can and should determine what is moral. In fact, it is a more reliable guide than any other option. Several recent books have looked at morality from a scientific viewpoint. Animals have been shown to exercise altruism and to appreciate fairness.

[Human cooperation has been shown to offer a survival](#)  
[What s the Difference Between Morality and Ethics ...](#)

For example, morality has a Christian connotation to many Westerners, since moral theology is prominent in the church. Similarly, ethics is the term used in conjunction

with business , medicine, or law .

**Medicine and Morality in Haiti: The Contest for Healing ...**
