[Neutrality | international relations | Britannica.com](#)

Neutrality: Neutrality, the legal status arising from the abstention of a state from all participation in a war between other states, the maintenance of an attitude of impartiality toward the belligerents, and the recognition by the belligerents of this abstention and impartiality. Under international law

[Neutrality Of Money - Investopedia](#)

What is 'Neutrality Of Money' The neutrality of money, also called neutral money, is an economic theory that states that changes in the money supply only affect nominal variables and not real

[Neutral theory of molecular evolution - Wikipedia](#)

The neutral theory of molecular evolution holds that at the molecular level most evolutionary changes and most of the variation within and between species is not caused by natural selection but by genetic drift of mutant alleles that are neutral. A neutral mutation is one that does not affect an organism's ability to survive and reproduce. The neutral theory allows for the possibility that

[neutrality theory of evolution | Encyclopedia.com](#)

neutrality theory of evolution (neutral-mutation theory) A theory proposed by Motoo Kimura that many genetic mutations are adaptively equivalent (effectively neutral), and do not affect significantly the adaptive value of the carrier.

[Neutral theory of molecular evolution - an overview ...](#)

Using the theory of genetic drift, Motoo Kimura developed a neutral theory of molecular evolution that is the basis for analyzing DNA sequence variation within and among species, and is often considered the null hypothesis that should be rejected if alternative hypotheses, such as natural selection, are to be invoked (Kimura, 1983; Nei and Kumar, 2000).

[Neutrality legal definition of neutrality - Legal Dictionary](#)

Neutrality. The state of a nation that takes no part in a war between two or more other powers. Since the nineteenth century, International Law has recognized the right of a nation
