[What is the difference between Grass-Fed Beef and Organic ...](#)

What is the difference between Grass-Fed Beef and Organic Beef? There is a lot of overlap between organic and Grass Fed beef, because both practices represent a dedication to raising healthier, less chemically-contaminated cows. However, not every cow raised on the pasture is USDA Certified Organic, and not every organic cow is fed a 100% grass diet or allowed unlimited access to the range. If

[Organic & Grass Fed Meats](#). Our local suppliers (100-mile diet friendly) are usually in and around Chilliwack. We work with small farms, on a personal one to one basis, so we can interact with the farmers and undertake a study of the treatment and feeding of the animals we buy.

[Which Grass-Fed Butter is the Best? - A Review of 5 Grass ...](#)

Since Organic Valley is certified organic, the cows can't be fed GMOs because organic = non-GMO. So the cows feed is organic and non-GMO. So the cows feed is organic and non-GMO. None of these butters claim to be 100% grass-fed, but I tried to give information that I have found on how much grass the cows are getting.

[News Full - harmonyorganic.ca](#)

The fact is, our cows are grazing on organic pastures as long as Mother Nature allows, meaning they are "grass-fed" from spring to fall. During the winter months they are fed organic hay and grains, as fresh grass simply does not grow in winter. No dairy can make the claim that our cows are grass-fed year round, as this is impossible in Canada, and simply isn't the truth.

[Organic Grass Fed Meats | Organic Prairie](#)

Our beef comes from 100% grass-fed, organic cattle raised on family farms in the Channel Country of the Australian Outback. They are raised on certified organic pastures, which helps lower fat content and calories, and gives our meat higher levels of healthful Omega-3 fatty acids and richer flavor.
