**Pension Reform, Population Ageing and Distributive Conflicts**

Pension reform has been on the policy maker agenda for almost two decades and a number of countries have embarked on reforms of their retirement systems to a different degree.

**Pension Reform in Six Countries: What Can We Learn From ...**

The book cannot provide a universally optimal solution to the pension problems caused by population ageing, because the six countries are simply too different in terms of their demographic, cultural, historical and economic backgrounds. However, since national discussions tend to be surprisingly narrowly focused even in times of globalization, there is much to learn by looking over the
