Positive Youth Development | YouthPower

Positive Youth Development (PYD) is a guiding principle of USAID's Youth in Development Policy. Both a philosophy and an approach, it is a paradigm shift in how we understand young people and how we provide youth services. But what exactly is PYD? How does it differ from traditional approaches to youth development? In what ways can you integrate PYD strategies into your own youth programming?

PROMOTING POSITIVE YOUTH DEVELOPMENT: THEORETICAL AND ...

Termed the positive youth development (PYD) perspective, the orientation to young people has arisen because of interest among developmental scientists in using developmental systems, or dynamic, models of human behavior and development for understanding the plasticity of human development and, as well, the importance of relations between individuals and their real-world ecological
