Introduction. This ISP Programmer can be used either for
in-system programming or as a stand-alone spi
programmer for Atmel ISP programmable devices. The
programming interface is compatible to STK200 ISP

programmer hardware so the users of STK200 can also use the software which can program both the 8051 and AVR series devices.

Does it take a lot of hard work to become a programmer ...

My first professional job was in a company like that and it made me think that I was not adequate and I was not going to survive long in the career. Luckily enough before taking the decision to switch careers I worked for other companies that were more reasonable in the workload, pace and expectations. I am still a happy programmer.
