### **Structuralism - definition of structuralism by The Free ...**

Structuralism in the philosophy of mathematics is the view that the proper subject matter of mathematics is the relationships between various kinds of mathematical entities, rather than the entities themselves.

### **Sociological Theories of Religion: Structural ...**

Functionalism (also called structural functionalism) is a theoretical framework used in sociology that attempts to explain the nature of social order, the relationship between the various parts

### **Structuralism - Wikipedia**

In sociology, anthropology, and linguistics, structuralism is the methodology that implies elements of human culture must be understood by way of their relationship to a broader, overarching system or structure.

### **Matrix Models, The Gelfand-Dikii Differential Polynomials ...**

Different types of superstring theories (0A, 0B, etc.) differ in the way we sum over the spin structures (e.g. 0A and 0B differ in the sign of the odd spin structures). Boundaries in the worldsheet correspond to objects in spacetime D-branes.

### **Structuralism (psychology) - Wikipedia**

Structuralism in psychology (also structural psychology) is a theory of consciousness developed by Wilhelm Wundt and his student Edward Bradford Titchener.

### **The structuralist tradition in economics: methodological ...**

From the point of view of these characteristics, Latin American structuralism defends a necessity to industrialize peripheral economies: from an 'outward development', based on the expansion of exports, to an 'inward development', based on the enhancement of industrial production. This change is essential because, even if industrialization is the natural course to be followed by peripheral

### **structuralist theories - TEXTETC**

Structuralists view society and its rules as expressions of deep structures, often binary codes, that express our

primary natures. A systematic study of such codes is semiotics, which was later hijacked by Poststructuralists as evidence that language alone provides a true reality.

[Structuralism | anthropology | Britannica.com](#)

Structuralism, in cultural anthropology, the school of thought developed by the French anthropologist Claude L. Lévi-Strauss, in which cultures, viewed as systems, are analyzed in terms of the structural relations among their elements.
