Volunteer Work, Informal Learning and Social Action ...

Since most research on work focuses on paid work, and most literature on education concentrates on schools, it is not surprising that studies on the relations between work and learning emphasize the relations between paid employment and organized education. This unique book deals with an area that

Volunteer work, informal learning and social action ...

This unique book deals with an area that has been rarely covered in the literature on work and education: the connections between volunteer work and informal learning. Through a variety of examples, ranging from the Red Cross to teacher-labourers, from cooperatives to social housing, and from participatory democracy to environmental social movements, this volume examines the learning dimension

Volunteer Work, Informal Learning and Social Action work, the role of learning in workplaces, the relation between work, formal and informal learning and competing and contending visions of what a knowledge economy/knowledge society might look like; and (iii) pedagogic issues as regards
